

Caring and Sharing Learning School Families,

I am pleased to welcome you back to the 2020-21 school year! I would like to extend a special welcome to the new families joining Caring and Sharing this year and welcome back our returning families as well! I am honored to be your principal.

As we plan for a beginning like no other school year we have seen in the past, our goal is to work together to provide our students with a safe, learning environment face-to-face or virtually.

We have painted all the classrooms and put down new carpet in building A. We have implemented various safety protocols for students, families, and staff to address safety and health protocols.

We are a successful school because of the great work of our students, staff, parents, volunteers, and community members. We have built a solid foundation and now continue to add layers of quality to our school. We are going to focus on growing our great school climate and atmosphere to assure that all students have a positive learning experience.

If you would like to stay abreast of current events and school information, please visit the school website CaringandSharingSchool.com and/or our Facebook page.

Again, welcome back, and we will see you Monday, August 24th!

Keeping soaring high eagles,

Curtis Peterson, principal
